PROJECTS

Online Job Portal

https://github.com/itz-Thunder/Online_job_portal.git

- Developed a full-stack online job portal using the Django Framework.
- Implemented user authentication, real time interaction between employers and the job seekers.
- Designed features for permission requests and approval notifications.

• Skills : Bootstrap, Tailwind CSS, Django, DB SQLite.

Online Learning Management

- Developed a full-stack real-time learning web application using MVC .NET framework on C#.
 - Implemented videos and learning materials sharing directly between teachers and students .
 - Utilized MSSQL server with C# for storing user data, and other information.
 - Skills : Bootstrap , MVC .NET, C#, MS SQL Server.
-

MINI PROJECTS

A Portfolio Website

<https://itz-thunder.github.io/Portfolio/>

- Designed and developed a personal portfolio website to showcase projects, skills, and experience using Bootstrap.
- Responsive design, clean layout, and easy navigation for visitors to explore projects and professional background.
- Skills : Bootstrap.

A Weather Forecast App

<https://weather-app-on-react.netlify.app/>

- Developed a real-time weather forecast application that provides weather information for any city across the globe.
- It has real-time weather data retrieval, user-friendly interface, and global city search functionality.
- Skills : React.JS, API, Bootstrap.

A QR code generator

<https://personalized-qr-generator.netlify.app/>

- Created a React-based QR Code generator that allows users to generate QR codes for any input text.
- Easy-to-use interface for generating QR codes.
- Skills : React.JS, React Libraries, Bootstrap.

A TO-DO app

<https://react-to-do-list-on-localstorage.netlify.app/>

- Built a React-based Todo application that allows users to manage their tasks using CRUD (Create, Read, Update, Delete) operations.
- Task creation, editing, deletion, and completion tracking; user-friendly interface for efficient task management.
- Skills : React.JS, React Libraries, CRUD, Bootstrap.

Some Front-End Clones

- Blinkit : <https://superlative-lokum-a6add3.netlify.app/>
 - Myntra : <https://shimmering-mandazi-145926.netlify.app/>
 - Swiggy : <https://swiggy-clone-16.netlify.app/>
 - College Website Template : https://itz-thunder.github.io/College_website_template/index.html
-

Experience:

MERN Intern

Techpile Technology • Lucknow • September 2024 – Present

Trainings :

Python with Django

Softpro India • Lucknow • July-September 2022

MVC.NET with C#

Techpile Technology • Lucknow • August-October 2023

EDUCATION

Diploma in Computer Science and Engineering

MMIT Sant Kabir Nagar • Khalilabad • September 2021 – August 2024

XII (In Physics, Chemistry, Maths) and X both from CBSE Board

SVM Senior Secondary School, Ram Bagh • Basti • Completed in 2020
